

Eaton Socketless/Push-On Socketless/Push-On Eaton H201 Easy Couple Hose®

Overview & Features

Highest Quality General Purpose Hose, Air, Water, Fuel, Oil

Features

- -40°C to 127°C (-40°F to 260°F)
- Air, Water -40°C to + 100°C (-40°F to 212°F)
- Sizes 4 through 16
- 21 Bar (300 psi), [Size 16 only is 14 Bar (200 psi)]
- Standard Colors are blue, black, green, yellow, gray, red
- Extremely Flexible, Kink Resistant
- Red, Green, Black and MSHA approved

Where Used

Aerospace

Applications:

- Air, Water, Fuel, General Purpose

Buildings

Applications:

- Air, Water, Fuel, General Purpose

Food and beverage

Platforms:

- In-Plant Processing

Applications:

- Air, Water, Fuel, General Purpose

Government

Applications:

- Air, Water, Fuel, General Purpose

Machine building

Platforms:

- Metal /Hydro Forming
- Metal Stamping and Shearing
- Plastics

Applications:

- Air, Water, Fuel, General Purpose

Marine

Applications:

- Air, Water, Fuel, General Purpose

Mining, metals and minerals

Platforms:

- Ball Mill
- Coal Mill
- Conveyors
- Mobile Crusher
- Reclaimer
- Semi-Continuous Mining System
- Stackers
- Stationary Crusher
- Surface Drill Rig

Mobile machinery and equipment

Platforms:

- Application Equipment
- Concrete Pump
- Irrigation
- Irrigation Systems
- Self-Propelled Sprayers
- Stump Grinders and Wood Chippers

Applications:

- Air, Water, Fuel, General Purpose

Pharmaceuticals

Applications:

- Air, Water, Fuel, General Purpose

Rail

Applications:

- Air, Water, Fuel, General Purpose

Utilities

Applications:

- Air, Water, Fuel, General Purpose

Applications:

- Transfer hose for air and water, drain line

Vehicles

Platforms:

- Fire and Rescue
- Transit Mixer

Applications:

- Air, Water, Fuel, General Purpose

Water and wastewater

Applications:

- Air, Water, Fuel, General Purpose

Value Propositions

★ = Denotes point of differentiation

Value Proposition Statement		Audiences		
		OEM	Distributor	End User
★	Highest temperate rating and highest pressure rating of standard Socketless or Push-On Style hoses in the market!			
	Engineered system of hose to connectors with widest range of connector options			
	Best Cost based on performance			
	Kink resistance and flexibility with standard braid – will not coil up when pressurized as spiral braided products do making it the “right” product choice for air tools in MRO programs			
	Black, Red and Green are MSHA approved.			
	Tighter ID/OD tolerance compared to competitive product for best fitting retention			
	Fuel Resistance, including B20 at 100oC			
	Ability to use in a clamp application			
	Socket less fittings allow for quick preparation of assemblies with no equipment necessary
